

As My Money Workshop celebrates our Tenth Anniversary we want to accelerate the impact of our founder, Dick Yaffa's vision and educate more participants on the importance of financial literacy. We have accomplished a lot in the first ten years and our vision is bold for the next ten and beyond.

We want to double the participants we teach each year and invite our donors, volunteers, and friends on this journey to reach 6,000 participants taught annually by 2023. In order to accomplish these ambitious goals, we are kicking off a Tenth Anniversary Campaign to increase our donors, volunteers, partners, and friends as well as adding a digital curriculum.

IN OUR FIRST TEN YEARS:

18,000 Participants have been supported.

1,000+ Workshops have been delivered across the Tri-State area.

50 Instructors volunteered their time in 2019.

300 Hours were donated by volunteers in 2019.

80+ Community partners since inception.

WHAT OUR CAMPAIGN WILL HELP TO ACHIEVE:

40,000 Total participants reached by 2023

2,400 Through 2023 we plan to deliver an additional 1,400 workshops, marking 2,400 delivered since our inception.

200 Volunteer instructors will teach workshops by 2023.

1,000 Hours donated each year.

160+ By 2023 we will double our community partners, ensuring we reach as many people as possible through our next ten years and beyond.
